

FIRE! FIRE!

THE alarm will be sprung on us again some day and who will be the lucky one to escape with only a small loss? Those who were here have not forgotten the fight to save property which was put up by the citizens in 1880. Wells were shut off by heat; improvised methods ineffectual; Sunday spent in the hottest conflict against odds and an exhausted and nearly busted community Monday morning.

LET'S get together and get busy now. We need many things to put us on a plane with much smaller towns. Let's go forward.

WE CAN'T GET ALL WE NEED AT ONCE, BUT WE CAN GET STARTED AND HAVE WHAT WE NEED WORST, FIRST—A SUPPLY OF WATER FOR ALL PURPOSES.

To have water at hand ALL THE TIME for ALL PURPOSES we must have
